**THE 4<sup>TH</sup> INTERNATIONAL SCIENTIFIC  
CONFERENCE OF YOUNG SCIENTISTS  
AND STUDENTS  
“EARTH SCIENCES: NEW APPROACHES  
AND ACHIEVEMENTS”**

**A B S T R A C T S**

**October 5-6, 2011  
Baku**

## INTRODUCTION

<b>Abbasov J.S., Kazimov R.R., Abbasov T.S.</b> <i>A new method for determining abnormally high reservoir pressure (AHP) with geophysical data</i> .....	9
<b>Abdel-motaal Abdel-nasser and Raafat E. Fat-Helbary.</b> <i>Site effect estimation at New Kima factory site, South Egypt</i> .....	10
<b>Adilkhanova A.</b> <i>Oil field atmosphere air impact assessment (in terms of Kalamkas field)</i> .....	12
<b>Adeishvili N.</b> <i>Some new data concerning to Ivanovo lifting of Khrami massif</i> .....	13
<b>Akhmet A.A.</b> <i>Confirmation of a 3D seismographic work programme for the Atambai-Sartyube field</i> .....	14
<b>Ajibayeva A.A., Ayazova K. B.</b> <i>Implementation features of CO logging operations in conditions of Uzen field</i> .....	15
<b>Aliyev F.</b> <i>Seismic hazard assessment of Azerbaijan territory using new data</i> .....	16
<b>Aliyev Z.</b> <i>Granulometric composition and mineral association of native gold Dagkhesamen deposit (Lesser Caucasus)</i> .....	17
<b>Amrakhov R.R.</b> <i>Primary features of halogenesis in the Productive Series of the Lower Kura depression</i> .....	19
<b>Arkady Rogalsky.</b> <i>The perspectives of oil-gas bearing of Paleozoic rocks of intermountain trenches of Tien Shan and Pamir-Alay (Kyrgyzstan)</i> .....	20
<b>Asadova A.V., Mammadov V.A.</b> <i>Geothermal database and map of the geothermal resources of the Absheron and Shamaha-Gobustan regions</i> .....	22
<b>Askerova R., Hamidova A.</b> <i>Petrophysical model of oil and gas fields Mishovdag, Kyurovdag and Neftchala</i> .....	24
<b>Babazade A.N.</b> <i>'Productive' and 'Red' series sedimentary sequences (Low Pliocene) of the Azerbaijan and Turkmenistan: distribution of trace elements and correlation</i> .....	25
<b>Bayramova Sh.Sh.</b> <i>New palynology data on the study of Maikop series deposits in the Shamakha-Gobustan region</i> .....	28
<b>Bannayev R. Sh., Rashidov A. M., Jamalova Kh. Sh.</b> <i>Statics correction significant of kinematic parameters in direct exploration of oil-gas deposit with refracted wave method of seismic exploration</i> .....	29
<b>Bisenova M.</b> <i>Study of sulphur distribution in oil of Mangystau fields</i> .....	31

<b>Chevelcha E.</b> <i>The Sucker Rod Pump diagnosis with the help of sonic waves</i> .....	32
<b>Dzhuraev O.A., Hamidov H.L.</b> <i>About reinforcement of the effect removed strong earthquakes on territory of the city Tashkent</i> .....	35
<b>Dyachenko N.K.</b> <i>Complex of corals tabulata of late ems the Southeast of mountain Altai</i> .....	37
<b>Egorov E.V.</b> <i>Criteria for ecological geodynamic zoning south slope of the northwest Caucasus</i> .....	38
<b>Esmail Zade Z., Tehrani A.A., Nourali H., Jamshidi M.</b> <i>A numerical approach for slope stability analysis of Sungun Copper Mine</i> .....	41
<b>Fahriddinov Zh.F., Khamidov L.A., Shukurov Z.F.</b> <i>Quantitative estimation of the stresses zones of the intersection of seismoaktives and passive faults of the West Tian-Shan's</i> .....	43
<b>Fazli Khalaf. L, Jamshidi. M.</b> <i>Ore reserve estimation by using artificial neural network</i> .....	46
<b>Farzaliyeva E.V.</b> <i>Ostracode complex lowerpleistocene sediments (the Baku horizon) to area Arandaniz – Sabail</i> .....	47
<b>Gadjiev A.A.</b> <i>Influence of the vibrating field on physical properties of the hydrocarbon liquid and recovery ratio of oil from the bench</i> .....	49
<b>Georgieva G.</b> <i>The Moho's structure in beneath the Rhodopes massif obtained from receiver function analysis</i> .....	50
<b>Gibsher A.</b> <i>The Ordovician volcanism and composition of the upper mantle beneath West Sangilen</i> .....	52
<b>Gjorgjeska I., Stamatovska S.</b> <i>Investigations of local seismogeological structure by application of geophysical methods</i> .....	54
<b>Gribovskaya Olga.</b> <i>Prospects of oil and gas of the crystalline basement of the North-Pripyat shoulder (Belarus)</i> .....	55
<b>Guseynov A.R.</b> <i>Mud volcanism and oil-and-gas content of the South-Caspian basin</i> .....	56
<b>Humbatova S.B.</b> <i>Prediction of abnormal pressure zones in the sedimentary section of South Caspian Basin using seismic data (exemplified by Absheron field)</i> .....	58
<b>Huseynova N.</b> <i>Outcrop study of the South Caspian Lower Pliocene HC production unit: basinward environmental changes and reservoir characterization</i> .....	60
<b>Huseynova M.A.</b> <i>Classification of non-anticlinal type traps and determination of oil contour in Binagady oil-gas deposit</i> .....	61

<b>Huseynova Sh. M.</b> <i>The 3D geological model of the transition zone of the western flank of the South Caspian Basin</i> .....	64
<b>Igamberdiev E.E.</b> <i>Complex (Au-Ag, Pt, Pd, R) deposits of Almalyk-Angren ore district (Uzbekistan)</i> .....	66
<b>Isakov S.I., Matsapulin V.U., Tulysheva E.V.</b> <i>The volcanic ashes of Upper Cenozoic deposits of Dagestan foothills</i> .....	68
<b>Janutyte I.</b> <i>Seismological monitoring of Lithuania</i> .....	71
<b>Japaridze N.</b> <i>Structural factors of gold-bearing and copper mineralization of the Sakdrisi deposit</i> .....	73
<b>Kamalov K.N.</b> <i>Dynamic and kinematic interpretation of seismic materials obtained from the Middle Kura depression</i> .....	75
<b>Karagozova N.R.</b> <i>Fractal characteristics of Azerbaijan territory seismicity</i> .....	76
<b>Karamurzaeva A.B.</b> <i>Geologic aspects clarification of lower cretaceous deposits in the eastern part of Kalamkas field</i> .....	77
<b>Kareem Ayolayo Zacchaeus.</b> <i>Eco-environmental Change Records of Antarctic Ice-free Areas in the Sediments Influenced by Marine Animals</i> .....	79
<b>Kauchakova E.E.</b> <i>Typification geological monuments of nature in the upper reaches r. Mrassu (Mountain Shoria)</i> .....	80
<b>Kazimov I.E.</b> <i>The seismic anisotropy under a southern slope of the Great Caucasus</i> .....	84
<b>Kazimova S.E.</b> <i>Spatially-velocity heterogeneity of earth crust of Azerbaijan according by the digital seismic stations</i> .....	85
<b>Kerimova P.A., Osmanova O.O.</b> <i>Differentiation criteria of the earthquakes focal zones according to geochemical fluids fields of Azerbaijan</i> .....	87
<b>Khibassov B., Shilanov N.</b> <i>Capacitive-flow properties in complex reservoirs Triassic complex according to the exploratory well № 12 deposit Pridorozhnoe</i> .....	88
<b>Khoshchehr M.</b> <i>Detection of faults on seismic section based on 2D CWT</i> .....	89
<b>Kirilov A.</b> <i>About the utilization of associated water Yakovlev iron ore deposit (KMA, Russia)</i> .....	91
<b>Klimova E. V., Matrenichev V.A.</b> <i>Granulometry and chemical composition of clayey deposits in caves</i> .....	94

<b>Kojevnikova D.A.</b> <i>The correlation between changing of diatom assemblages from sediments of delta Kura river and Caspia sea transgressions and regressions</i> .....	96
<b>Kokh S.N., Sokol E.V.</b> <i>Scenarios of combustion metamorphic events of ancient mud volcanoes (Kazakhstan, Israel, Jordan)</i> .....	98
<b>Korkusuz Y., Ozel N.M., Tan O.</b> <i>Discrimination of Fault Planes from Auxiliary Planes using large number of P-wave first motion Polarities in Yalova Cluster</i> .....	100
<b>Kovalchuk A.N.</b> <i>Features of geological structure of cross-sections of the Miocenian and Pliocenian age around the village Vasilyevka (Zaporozhye region, Ukraine)</i> .....	101
<b>Krilov P.</b> <i>The research of the development of relief-forming processes with the use of archival data of distant probing and photogrammetry</i> .....	102
<b>Mamedova C.A.</b> <i>Revealing of zones of a tension of Lesser Caucasus according to telemetering stations of Azerbaijan</i> .....	104
<b>Mansoob T.</b> <i>Detailed studies on volcanic activity and related phenomena in Harrat Al-Shaqah (Lunayyir), Western Saudi Arabia</i> .....	106
<b>Matiashvili S.</b> <i>Landslide Investigation by Seismic Methods</i> .....	107
<b>Melikov A.</b> <i>Criteria of consanguinity Organics Substances and its various derivatives</i> .....	108
<b>Mammadov T.E.</b> <i>Development results of SK suite of the north wing of Binagadi oil-gas deposit according to the research materials of well by geophysical methods</i> .....	110
<b>Mingboev Q.R.</b> <i>The variations of specific electrical resistance of shingle-gravel deposits in the hydrocarbon polluted area</i> .....	112
<b>Minibaev N.</b> <i>Facial model of J2 reservoir of Lovin oil field</i> .....	115
<b>Mirzoyev F.A.</b> <i>Catagenesis of the Upper Jurassic reefogenic formations of the South-Eastern Caucasus</i> .....	116
<b>Mirzayev Sh.A.</b> <i>Actual problems of the Middle clastic rocks and mudstones Yalama-Khudat Paleozoic protrusion Caspian Depression</i> .....	117
<b>Myshenkova M.S.</b> <i>Fluidolites of Northern slope of volcano Elbrus</i> .....	118
<b>Mollayeva P.A., Gadirov K.V.</b> <i>Study of Upper Cretaceous sediments geological structure in Yevlakh-Aghjabedy depression with gravimetric investigation</i> .....	119
<b>Nugmanov I. I., Eronina E.V., Dautov A. N., Khabibullin R.R.</b> <i>Geodynamic activity of the oil producing regions of the Republic of Tatarstan according to the data from ERS-1, ERS-2</i> ....	120

<b>Nurmagambetov K.K.</b> <i>Feasibility justification of well jet pumps testing in Uzen field</i> .....	122
<b>Pastushak S.M.</b> <i>Evaluation of the quality of the waters of batkelovian aquifer in the city of Belgorod</i> .....	123
<b>Patina I.</b> <i>Methodic and practice of sequence stratigraphy analysis</i> .....	125
<b>Pavlova K.</b> <i>Petrology and geochemistry of Lehta quartz porphyries (East Karelia)</i> .....	127
<b>Pestrikova N.L.</b> <i>Gashydrate areas in the Sea of Okhotsk</i> .....	128
<b>Poletayeva Y.V.</b> <i>Models of regional deep faults of the earth crust of the Caspian Sea and their qualitative and quantitative characteristics</i> .....	130
<b>Popov S.N.</b> <i>Some details of modeling the indicator diagrams of wells, which revealed the fractured-porous type of reservoir</i> .....	131
<b>Proskurin G.Yu.</b> <i>Features nobly-methyl mineralization in metasomatic of the Vinchensky structure (Tiksheozersky GSB, North Karelia)</i> .....	132
<b>Rashidov T.</b> <i>Mud volcanism and its relation with seismicity (following the example of Dashgil mud volcano)</i> .....	134
<b>Rezaeifar M.</b> <i>Non-linear Travel Time Local Earthquake Tomography in the West of Alborz Mountain, Iran</i> .....	137
<b>Rustamov T.M., Shakaraliyev A.F.</b> <i>Transformation of gravity magnetic fields in regions with complicated geological structure</i> ....	138
<b>Sabirova A.</b> <i>Assessment of usable groundwater resources and contaminant emmissions at well abandonment in oil &amp; gas field</i> ....	139
<b>Safarov R.</b> <i>Present-day kinematics of the Arabia-Eurasia collision zone (Azerbaijan)</i> .....	140
<b>Saki M., Doloei Gh. J., Sadidkhouy A.</b> <i>On the Seismic Wave Anisotropy in the Upper Crust of Bam Area in South Eastern Iran</i> .....	141
<b>Selezeneva N.N.</b> <i>History of sub-salt deposits in Bielskaya depression of Pre-Ural foredeep</i> .....	143
<b>Seskuriya O.</b> <i>Petrology of Khrami Massif Garnetiferous Granitoids</i> ....	144
<b>Schindler P., Jentzsch G.</b> <i>Crustal structure of northern Victoria Land, Antarctica, investigated by combined 3D modeling of gravity and magnetic data</i> .....	146
<b>Shchukina E.V., Malkovets V.G, Pokhilenko N.P., Golovin N.N.</b> <i>Mineralogical composition and equilibrium P-T conditions of peridotitic xenoliths from V.Grib kimberlite pipe (Arkhangelsk region, Russia)</i> .....	147
<b>Shirinova Z.</b> <i>Seismicity of Azerbaijan part of Lesser Caucasus</i> .....	149

<b>Shikhova L.</b> <i>About the lithological peculiarities of the Productive Series</i> .....	150
<b>Soleimani Mehrdad Monfared, Hamid Aghajani Sukova T.</b> <i>A new approach in optimum bit selection based on minimum cost and time in oil and gas well drilling</i> .....	152
<i>Constuction of dynamical models of geological bodies of dynamical reserves and calculation of their volumes</i> .....	153
<b>Suleymanov E.V.</b> <i>The dynamics of development VI horizon oil-field Balakhany-Sabunchi-Ramany</i> .....	155
<b>Urazov J.D.</b> <i>Layered system with a downward development extraction and mined-out space as a solution rational use of “Kizilalmasay” mineral deposits</i> .....	157
<b>Valiyev A.F.</b> <i>Application of GIS-analysis for estimation of ecological situation of oil-contaminated areas of Absheron peninsula</i> .....	160
<b>Veliyeva F.</b> <i>The Radon problem in Azerbaijan</i> .....	161
<b>Veis V.A., Dvornikov E.V, Pchelintseva Koptev N.F.</b> <i>Numerical modelling distributions of coherent and incoherent components in vertical section fiber intrusion Kiviakka</i> .....	162
<b>Yadav R.B.S., Chopra S., Singh A.P., Kumar S.</b> <i>Coseismic Coulomb Stress modeling of three largest earthquakes in NW Himalaya: A perspective on future seismic hazard</i> .....	165
<b>Yashchenko M.</b> <i>Evolution of volcano Etna</i> .....	167
<b>Yashin I., Obrovets S.</b> <i>Domanik-type facies in Lower-Famenian deposits of the Central oil- and gas-prospective region of the Pripyat Trough (Belarus)</i> .....	168
<b>Yousef Kh.</b> <i>Saudi National seismic network (SNSn) and seismicity of Saudi Arabia</i> .....	170
